Message from the President

The Royal Conservatory of Music was founded in 1886 with the idea that a single institution could bind the people of a nation together with the common thread of shared musical experience. More than a century later, we continue to build and expand on this vision.

Today, The Royal Conservatory of Music is recognized in communities throughout North America for outstanding service to students, teachers, and parents, as well as a strict adherence to high academic standards through a variety of activities—teaching, examining, publishing, research, and community outreach.

Our students and teachers benefit from a curriculum based on more than a hundred years of commitment to the highest pedagogical objectives. The strength of the curriculum is reinforced by the distinguished College of Examiners—a group of fine musicians and teachers carefully selected from across Canada, the United States, and abroad for their demonstrated skill and professionalism. A rigorous examiner apprenticeship program combined with regular evaluation procedures ensures consistency and an examination experience of the highest quality for candidates.

Our new home, the TELUS Centre for Performance and Learning, will make the most of the Conservatory's extraordinary potential and will allow us to share our innovative programs with teachers and students everywhere. This technologically advanced education and performance complex will reflect The Royal Conservatory of Music's broadened impact as an international leader in publishing and examinations, professional training, arts-infused public school programs, early childhood education, and concert presentation. I do hope that you will take full advantage of this great new facility, which will be an exceptional resource for students and teachers across North America and around the world.

As you pursue your studies or teach others, you become not only an important partner with The Royal Conservatory of Music in the development of creativity, discipline, and goal-setting, but also an active participant, experiencing the transcendent qualities of music itself. In a society where our day-to-day lives can become rote and routine, the human need to find self-fulfillment and to engage in creative activity has never been more necessary. The Royal Conservatory of Music will continue to be an active partner and supporter in your musical journey of self-expression and self-discovery.

Dr. Peter C. Simon
President
Preface

The 2008 edition of the Recorder Syllabus represents the work of dedicated teachers, performers, and examiners, whose assistance is gratefully acknowledged. This Syllabus replaces all previous recorder syllabi, and forms the official curriculum of The Royal Conservatory of Music for recorder examinations conducted by RCM Examinations.

The RCM Examinations Certificate Program for recorder consists of eight levels: seven graded levels (Grades 1, 2, 4, 6, 8, 9, 10) and an Associate of The Royal Conservatory of Music (ARCT) diploma.

Five levels of theory examinations described in the current RCM Theory Syllabus are designed to complement practical studies and to ensure a comprehensive knowledge and understanding of various aspects of theory. Required theory examinations begin at the Grade 6 practical level and include the following subjects: rudiments, harmony, history, counterpoint, and analysis.

RCM Examinations welcomes examination applications from all interested individuals.

Applications are accepted by RCM Examinations on the understanding that candidates comply with the procedures and requirements outlined in this Syllabus.

EXAMINATION FEES

Examination fees must be paid at the time of registration using Visa or MasterCard. Fees for the current academic year are listed online under “Examination Information.”

EXAMINATION CENTERS

Examinations are conducted in more than 300 communities across North America. Each examination center has a local Examination Center Representative who ensures that students and teachers have a successful examination experience.

To find the nearest Examination Center, look online under “Examination Information.”

Examinations in the USA

The National Music Certificate Program, a division of The Royal Conservatory of Music, provides graded examinations in the USA. For more information, please visit the website, www.nationalmusiccertificate.org.
Examination candidates may check for their examination schedules online three to four weeks after the registration deadline through “Online Services” using “Examination Scheduling.”

Teachers may verify their students' examination schedules by logging into “Teacher Services.”

All candidates must verify their examination schedules online two weeks before the first day of the examination session by visiting “Examination Scheduling.” Examination schedules will not be mailed.

Candidates must print out the “Examination Program Form” using the “Examination Scheduling” feature. Candidates should fill out the form and bring it on the examination day.

Candidates who, for any reason, are unable to attend an examination should contact the Center Representative listed on their Examination Schedule immediately.
EXAMINATION PROCEDURES

Candidates must be ready to perform at least fifteen minutes before their scheduled time. Please note that candidate examination times cannot be exchanged.

- Page-turners and other assistants are not permitted in the examination room. Waiting areas are provided for parents, teachers, and assistants.
- The availability of warm-up rooms cannot be guaranteed.
- The availability of music stands cannot be guaranteed.
- Photo ID may be requested before candidates are admitted to the examination room.
- Candidates should list all repertoire and studies/etudes selections to be performed on the Examination Program Form and bring it to the examination.
- Candidates should bring all music to be performed to the examination, whether or not selections are memorized. Please note that photocopied music is not permitted in the examination room unless the candidate has a letter of permission from the publisher. (Please see “Copyright and Photocopying” on p. 17.)
- Recording devices are strictly prohibited in the examination room.
- The candidate’s performance may be interrupted at the examiner’s discretion when an assessment has been reached.

CREDITS AND REFUNDS FOR MISSED EXAMINATIONS

Credits (formerly called “fee extensions”) and refunds are only granted under two specific conditions. Candidates who are unable to attend an examination for medical reasons or because of a direct time conflict with a school examination are eligible to request either an examination credit for the full amount of the examination fee or a 50 percent refund of the examination fee.

Requests for examination credits or refunds must be made to RCM Examinations in writing and accompanied by the following documentation:

- for medical reasons—a physician’s letter and the candidate’s Examination Schedule
- for direct time conflicts with school examinations—a letter from a school official on school letterhead and the candidate’s Examination Schedule

All requests must be submitted within two weeks following the examination by mail or by fax.

Candidates who, for any reason, are unable to attend an examination should contact the RCM Examinations Center Representative listed on their Examination Schedule immediately.

Examination Credit
An examination credit (formerly called a “fee extension”) may be applied to the fee of a future examination. Examination credits are valid for one year from the date of the original scheduled examination.

Examination credits can be redeemed when the candidate registers for their next examination. The credit will be automatically applied during the online registration process.

Fee Refund
Candidates who cannot redeem an examination credit within a year may apply instead for a 50 percent refund of the examination fee.

Requests for examination refunds or credits must be made to RCM Examinations in writing and accompanied by the necessary documentation (see above). All requests must be submitted by mail or by fax within two weeks following the examination.
CANDIDATES WITH SPECIAL NEEDS

Candidates with special needs should submit a Special Needs Request Form, available online under “Online Forms”—by mail or fax to RCM Examinations—as soon as possible before the application deadline. Each case will be assessed individually.

Candidates may receive help in and out of the examination room if required. Please note that helpers must remain in the waiting area during the actual examination.

EXAMINATION RESULTS

Candidates and teachers can access examination results online within six weeks of the examination:

1) Go to www.rcmexaminations.org.
2) Click on “Examination Results.”
3) Click on the Examination Session you wish to view.
4) Enter the candidate’s RCME Number and birth date.
5) Click on the mark to download and view the examiner’s comments.
6) Click on the candidate’s name to view an unofficial transcript.

Please note that results will not be mailed or given by telephone.

Teachers may access their students’ examination results by logging into “Teacher Services.”

Official transcripts are available upon written request to RCM Examinations and payment of the requisite fee. (Download the official transcript request form from the “Online Forms” section of the website.)

Interpreting Examination Results
All candidates may access their official results (including examiners’ comments) online four to six weeks after the examination. The examiner’s report explains in general terms how the final mark was calculated. It is intended to assist candidates in their future musical development. Please note that the mark reflects the examiner’s evaluation of the candidate’s performance during the examination. Examination results do not reflect a candidate’s previously demonstrated abilities or potential for future development. Appeals on practical examinations will not be considered.

### Overview of Theoretical Subjects

In 2006, the titles of theory examinations were updated to be more descriptive and to better reflect the content of the examinations.

The following table lists all of the written theory examinations in the Certificate Program with brief details including the length of the examination, a summary of the content, and the title given to the same examination in previous syllabi.

Preparing for a Theory Examination

- Theory examinations test music theory and knowledge of music history in a formal written setting.
- Each examination requires preparation with a qualified teacher.
- *Official Examination Papers*, available at music retailers, are published annually by The Frederick Harris Music Co., Limited to aid with examination preparation.

Co-requisites and Prerequisites

The following table summarizes all the co-requisite and prerequisite examinations required to obtain certificates for Grades 6, 8, 9, 10, the ARCT in Performance, and the Teacher’s ARCT. There are no prerequisite or co-requisite theory examinations for Grades 1, 2, or 4.

Candidates applying for the ARCT in Performance or Teacher's ARCT examinations must have completed a Grade 10 practical examination with either a total mark of at least 75 or a minimum of 70 percent in each section of the practical examination. Candidates must also have completed all Grade 10 theory co-requisites with a total mark of at least 60 percent for each theory examination.

For more information regarding the ARCT in Performance examination, please see “ARCT in Performance” on p. 59.

Teacher's ARCT Examinations
Candidates applying for the Teacher's ARCT examination are strongly advised to have at least one year of practical teaching experience.

The Teacher's ARCT Diploma will be awarded only to candidates who are at least eighteen years old.

The Teacher's ARCT examination consists of three parts:
Part 1—Practical Examination (Repertoire, Obbligato Excerpts, Technical Requirements, Ear Tests, and Sight Reading)
Part 2—Viva Voce Examination
Part 3—Written Examination

Parts 1 and 2 constitute the practical portion of the ARCT examination and are therefore taken during a practical examination session. Part 3, a written examination, is taken during a theory examination session.

Candidates may choose to take all three parts of the Teacher's ARCT examination at one session, or they may take the parts at different sessions. The parts may be taken in any order, but all three parts must be completed within a period of two years.

Second ARCT Diplomas
Candidates may not attempt the Teacher's ARCT and the ARCT in Performance examinations in the same examination session.

• Candidates who have passed the Teacher's ARCT examination may obtain an ARCT in Performance Diploma by taking the entire ARCT in Performance examination.
• Candidates for the Teacher's ARCT who have passed the ARCT in Performance examination may choose to be exempted from the Repertoire and Obbligato Excerpts sections of Part 1: Practical Examination. The remaining sections of Part 1 must be taken during the same session as Part 2: Viva Voce Examination and within five years of the date of the ARCT in Performance examination.

Supplemental Examinations

Improve an Examination Mark
Candidates seeking to improve their overall mark at the Grade 10 or Teacher's ARCT levels may take a Supplemental Examination.

• Supplemental Examinations must occur within two years of the original examination.
• Supplemental Examinations are given during regular examination sessions.
• Candidates in Grade 10 may repeat any two sections of a practical examination, except Repertoire.
• To be eligible for a Supplemental Examination in Grade 10, candidates must achieve a minimum mark of 65 overall and 70 percent in the Repertoire section.
• Teacher's ARCT candidates may repeat one section in Part 1 and one section in Part 2 of a practical examination, except Repertoire.

• To be eligible for a Supplemental Examination in Part 1 of the Teacher's ARCT level, candidates must achieve at least 70 percent in the Repertoire section.
• To be eligible for a Supplemental Examination in Part 2 of the Teacher's ARCT level, candidates must achieve at least 70 percent in either Viva Voce A or Viva Voce B.

Candidates in Grade 10 and Teacher's ARCT must complete the respective theory co-requisites within five years of the original practical examination, not any subsequent supplemental examinations.
A musicianship examination may replace the Ear Tests and Sight Reading sections of a Grade 8, 9, 10, or Teacher’s ARCT examination. Please consult the current Theory Syllabus for examination requirements. The musicianship examination must be taken at least one session before the practical examination.

Musicianship Level | Practical Examination Level
--- | ---
Junior Musicianship | Grade 8
Intermediate Musicianship | Grade 9
Senior Musicianship | Grade 10 and Teacher’s ARCT

Candidates who have completed a musicianship examination should submit the following documentation when registering for the corresponding practical examination:

- a photocopy of the musicianship examination results
- a letter requesting exemption from the Ear Tests and Sight Reading sections of the upcoming practical examination

PRACTICAL EXAMINATION CERTIFICATES

Certificates are awarded to candidates who successfully complete the requirements for their grade.

Beginning in Grade 6, certificates are awarded after the theory co-requisites for that grade have been successfully completed. Theory co-requisites must be completed within five years of the original practical examination.

Candidates must complete prerequisite examinations at least one session prior to attempting the ARCT in Performance examination (p. 59) and any of Parts 1, 2, or 3 of the Teacher’s ARCT examination (p. 63).

Please note that ARCT diplomas are awarded to candidates at the annual Convocation ceremony. Candidates may not use the designation “ARCT” before Convocation.

RCM Examinations results can sometimes be used as a credit toward high school graduation or toward university entrance. In Canada, the policies of provincial education ministries can be found online under “Academic Information, High School Accreditation.” Candidates are advised to discuss the eligibility of their examination results with their school principal or guidance counselor.

MEDALS

Each academic year (September to August) medals are awarded to the candidates who achieve exceptional examination results. No application is required.

Silver Medals
Silver medals are awarded by province or region to the candidates in Grades 1 to 10 who receive the highest marks for the respective practical examinations. To be eligible, a candidate must receive a minimum mark of 80 percent in the practical examination, and have completed all the theory co-requisites for the respective grade.

EXAMINATION REPERTOIRE

The Recorder Syllabus lists the repertoire eligible for recorder examinations. Information given for each item includes:

- the composer
- the larger work of which the selection is a part (where applicable)
- the title of the selection
- the instrument(s) on which the selection is to be played (where applicable) and the form of accompaniment required (where applicable). See “Instruments and Accompaniment” below.
- collections or anthologies in which the selection can be found (where applicable)
- performance directions (where applicable) indicating the section(s) or movement(s) of a work to be prepared
- the publisher of a suggested edition (where applicable)

Names of publishers are indicated for most selections by an assigned abbreviation. Please see p. 18 for a list of publishers with their abbreviations.

Da Capo Signs and Repeats
- When performing repertoire at an examination, da capo signs should be observed.
- Repeat signs should generally be ignored unless otherwise indicated. However, candidates may choose to play repeats if they are adding ornamentation.

Memory
- Memorization of repertoire is encouraged.
- Repertoire, studies/etudes, and obbligato excerpts need not be memorized, and no extra marks will be awarded for memory.
- Technical tests (scales and arpeggios) must be played from memory.

Instruments and Accompaniment
- Candidates must use the instruments specified for the examination for their grade:
  
  **Grade 1**
  either soprano or tenor recorder
  
  **Grade 2**
  soprano, alto, or tenor recorders in any combination (candidates with small hands may substitute sopranino for alto in this grade only)
  
  **Grade 4**
  soprano, alto, tenor, and/or bass recorders in any combination
  
  **Grade 6**
  soprano, alto, tenor, and/or bass recorders in any combination
  
  **Grade 8**
  three instruments—soprano or tenor; alto; bass or sopranino
  
  **Grade 9**
  three instruments—soprano or tenor; alto; bass or sopranino
  
  **Grade 10**
  three instruments—soprano or tenor; alto; bass or sopranino

- Repertoire, studies/etudes, and obbligato excerpts must be played on the instruments specified. If no instrument is specified, candidates may select an appropriate recorder.
- Candidates may not count the same repertoire selection or study/etude played on two different instruments as two choices.
- Please note that the British term for soprano recorder is descant recorder; the term for alto recorder is treble recorder.
- Please refer to p. 18 for a list of the abbreviations used to indicate the different types of recorders.
- Please note that repertoire requiring accompaniment must be performed with accompaniment. If no accompaniment is supplied, the candidate will not be examined.
Accompanists

- Candidates must provide their own accompanists. Recorded accompaniments are not permitted. Candidates who do not provide an accompanist will not be examined.
- Accompanists are permitted in the examination room only for the duration of their accompaniment duties.
- A piano will be available for examination accompaniments. Candidates who wish to use their own harpsichord or an electronic equivalent must inform the Center Representative listed on their Examination Schedule at least two weeks prior to the start of the examination session. The instrument must be in place before the start of the day’s examinations and removed either during the lunch break or after all examinations have finished. All instrument moves will take place at the discretion of the Center Representative.
- Repertoire selections designated (basso continuo) may be accompanied by a solo continuo instrument playing the bass line (for example, cello, bass viola da gamba, bassoon, lute, guitar) in place of a keyboard instrument. Accompanists must supply their own instruments. No other repertoire selections may be accompanied in this manner.
- Please note that no interruptions or delays in the examination schedule for the day will be permitted to accommodate accompaniment instruments. Examination Center Representatives are not permitted to change schedules to accommodate the use of an accompanying instrument other than piano.
- Please note that studies/etudes and obbligato excerpts are to be played without accompaniment.

Historical Articulations

A full and comprehensive study of the performance and application of historical articulations is beyond the scope of this examination syllabus, although any serious recorder player will eventually undertake it. Jean-Pierre Pinson's Recorder Technique: Tonguing, Articulation of Notes (Richelieu, QC: Musantiqua, 1975) provides a brief introduction to the subject and includes exercises that will increase the player’s facility when a more comprehensive study is undertaken. Pinson's book is used as one of the sources of the studies/etudes listed in this Syllabus, and articulations in these studies/etudes are also included in scale requirements for Grades 8 to 10. Please note that studies/etudes selected from Pinson’s Recorder Technique are to be articulated as indicated by Pinson.

Syllabus Repertoire Lists

Starting with Grade 2, examination repertoire for each grade is divided into lists according to genre or style. Candidates are encouraged to choose a program that includes a variety of musical styles and keys.

- In Grades 2 to 10, there are two lists:
  - List A contains selections in a variety of styles and instrumentation.
  - List B consists predominantly of works from the core recorder repertoire.

- The repertoire for the ARCT examination is divided into three lists:
  - List A contains concerti and unaccompanied works.
  - List B contains sonatas and suites.
  - List C contains works written after 1900.

Editions

For many repertoire items, the Recorder Syllabus listing includes a suggested edition (indicated by a publisher abbreviation). These editions have been chosen for their quality or for their availability in North America. When no publisher is indicated, students are encouraged to use the best edition available—the edition that most accurately reflects the composer’s intentions.

- When choosing editions, please make sure that the music is not a transposed or simplified version of the selection listed in the Syllabus.
- Advanced students are encouraged to play Renaissance and Baroque repertoire from facsimile editions.

Editorial markings vary from one edition to another. Examination marks will not be deducted for altering these editorial suggestions as long as the resulting change is musically and stylistically acceptable.
Availability
RCM Examinations has made every effort to ensure that most of the materials listed are in print and easily available at leading music retailers throughout North America. If you experience difficulty in obtaining recorder music in your community, consult the “Recorder Resources” section on p. 70 or contact:

Canadian Music Centre
www.musiccentre.ca
20 St. Joseph Street
Toronto, ON Canada M4Y 1J9
telephone: 416-961-6601
fax: 416-961-7198

Please note that the publishing industry changes rapidly. Works go out of print, and copyrights move from one firm to another. In addition, the repertoire lists contain some works that are no longer in print but that teachers or students may have in their personal collections. Candidates may use an out-of-print work for examination purposes provided they can obtain the published work (please see “Copyright and Photocopying” below).

Anthologies and Collections
If a repertoire selection is published in a collection of a composer’s music or in an anthology containing music by several composers, the title of the collection or anthology is usually included in the Recorder Syllabus listing. Individual selections may also be found in other sources. The list of “Method Books and Anthologies” on p. 71 includes full bibliographic details for these publications.

Copyright and Photocopying
Federal and international copyright laws prohibit the use of photocopies without the permission of the publisher. The use of unauthorized photocopies for examination purposes constitutes copyright infringement as outlined in the Copyright Act of Canada. Additional information about federal copyright law is available through the Copyright Board Canada at www.cb-cda.gc.ca.

Please note that photocopied music will not be permitted in the examination room. Candidates who bring unauthorized photocopies to an examination will not be examined.

Candidates should bring all music to be performed to the examination. Candidates who wish to photocopy one page of a selection for the purpose of facilitating a page turn may do so with permission from the publisher.

SUBSTITUTIONS
The Recorder Syllabus has been designed to ensure a variety of styles, periods, and instrumentation. Candidates are expected to adhere to the Syllabus as written. Substitutions from a higher grade or from other repertoire will only be considered in the event that a large percentage of the listed works is permanently out of print. Prior approval must be obtained before candidates make substitute selections for their examination. Candidates must submit an Examination Substitute Piece Request form (available online) by the Examination Registration deadline.

Opus Numbers and Catalog Numbers
“Opus” (op.) is a term used with a number to designate the position of a given work in the chronological sequence of works by the composer. However, these numbers are often an unreliable guide, and may have been assigned by a publisher rather than the composer. Sometimes a single work will have conflicting opus numbers. Certain genres, such as operas and other vocal works, were not always assigned opus numbers. For these reasons, individual works by a number of composers are identified by numbers assigned in scholarly thematic catalogs. A number of the more important thematic catalogs are listed below.

Johann Sebastian Bach
Works by J.S. Bach are identified by “BWV” numbers (for example, Allemande in G Minor, BWV 836). BWV is the abbreviation for *Bach-Werke-Verzeichnis*, the short title of the *Thematisch-systematisches Verzeichnis der musikalischen Werke von Johann Sebastian Bach* (Leipzig, 1950), a thematic catalog of Bach’s complete works originally compiled by the German music librarian Wolfgang Schmieder.

George Frideric Handel
Works by George Frideric Handel are identified by “HWV” numbers (for example, Gavotte in G Major, HWV 491). “HWV” is an abbreviation for *Händel Werke Verzeichnis*. The full title for this thematic catalog, compiled by Margaret and Walter Eisen, is *Händel-Handbuch, gleichzeitig Suppl. zu Hallische Händel-Ausgabe* (Kassel: Bärenreiter, 1978–1986).

Franz Joseph Haydn
Works by Haydn are identified by Hoboken numbers (for example, Sonata in D Major, Hob. XVI:37). Anthony van Hoboken was a Dutch musicologist. His thematic catalog, *Joseph Haydn: Thematisch-bibliographisches Werkverzeichnis* (Mainz, B. Schott, 1957–1971) divides Haydn’s works into a number of categories that are indicated by Roman numerals.

Wolfgang Amadeus Mozart
Works by Mozart are identified by “K” numbers (for example, Sonata in C Major, K 545). K stands for *Köchel Verzeichnis* first published in 1862. Ludwig Ritter von Köchel (1800–1877) was an Austrian professor of botany who devoted his retirement years to collecting all the known works by Mozart. He created a chronological catalog in which these works are listed and numbered.

Henry Purcell
Works by Henry Purcell are identified by “Z” numbers (for example, Minuet in G major, Z 651). These numbers were assigned by Franklin B. Zimmerman in his thematic catalog of Purcell’s works, *Henry Purcell: An Analytical Catalogue of his Music* (London: MacMillan, 1963).

Georg Philipp Telemann
Works by Telemann are identified by “TWV” numbers (for example, Fantasia in D Minor, TWV 33:2). “TWV” is an abbreviation for *Telemann Werkverzeichnis*. This thematic catalog—*Thematischer-Systematisches Verzeichnis seiner Werke: Telemann Werkverzeichnis* (Kassel: Bärenreiter, 1984)—was compiled by Martin Runke.

Antonio Vivaldi
Works by Antonio Vivaldi are identified by “RV” numbers and/or by “F” numbers. “RV” is an abbreviation for Ryom Verzeichnis. This thematic catalog of Vivaldi’s works—*Verzeichnis der Werke Antonio Vivaldis (RV): kleine Ausgabe* (Leipzig: Deutscher Verlag für Musik, 1974, 2nd ed. 1979) was compiled by Peter Ryom. The F numbers were assigned by Antonio Fanna in *Opere strumentali di Antonio Vivaldi (1678-1741): catalogo numerico-tematico secondo la catalogazione Fanna* (Milan, 1986).

Anhang
Some catalog numbers include the prefix “Anh.” (for example, BWV Anh.121). “Anh.” is an abbreviation for Anhang, a German word, meaning appendix or supplement.

WoO
Some catalog numbers include the prefix “WoO” (for example, WoO 63). “WoO” is an abbreviation for Werk ohne Opuszahl (work without opus number). These numbers are used to designate works for which the composer did not assign an opus number.
Grade-by-Grade Requirements

TECHNICAL REQUIREMENTS

Studies/Etudes

Studies/etudes need not be memorized and no extra marks will be awarded for memory. For complete details on examination requirements for studies/etudes, please consult the listings for each grade.

Technical Tests

For complete information regarding technical tests, please refer to the charts for each grade.
- All technical tests must be played from memory.
- Metronome markings given in the charts for each grade indicate minimum speed.
- Breathing should be compatible with the articulation pattern.

Scale Configurations—Full Range

When playing technical tests through the full range of the recorder, play an ascending scale or arpeggio up to the highest possible note (not necessarily the tonic), descend to the lowest possible note (again, not necessarily the tonic), then ascend back up to the tonic to finish.
- On F instruments, high G should be taken as the highest note. It is not necessary to play the high F sharp; scales containing this note can be turned just before F sharp.
- On C instruments, high D should be taken as the highest note. It is not necessary to play the high C sharp; scales containing this note can be turned just before C sharp.
- Melodic minor scales may be altered at the top and bottom to make good melodic sense.

The following examples demonstrate some of the technical tests referred to in the Recorder Syllabus. Please see the descriptions for each grade for detailed information regarding requirements.

Two years of examination preparation following Grade 10 is recommended for the ARCT in Performance examination.

The ARCT Diploma is the culmination of the RCM Examinations examination system and is evaluated as a concert performance. Excellence in every aspect of performance is expected. Candidates should perform with confidence, communicating the essence of the music and demonstrating instrument command, and detailed understanding of the stylistic and structural elements of each repertoire selection. Candidates must achieve an Honors standing (70 percent) in order to be awarded an ARCT Diploma.
CRITERIA FOR PASS AND FAILURE

A continuous, convincing performance is a fundamental requirement for a passing mark in the ARCT in Performance examination. A failing mark may be awarded for one or more of the following reasons:

- lack of stylistic awareness
- repeated interruptions in continuity
- substantial omissions
- textual inaccuracies
- complete breakdown of performance

MARKING CRITERIA

First Class Honors with Distinction: 90–100
Only truly exceptional candidates achieve this category. Candidates must demonstrate complete technical command and perform with a confident, masterful style. These candidates clearly demonstrate an authentic personal performance spark.

First Class Honors: 85–89
Candidates present a truly engaging and intelligent performance, displaying technical polish and finesse, definite and apt characterization, and a sense of spontaneity.

First Class Honors: 80–84
Candidates are technically solid and demonstrate sensitivity, intelligence, and talent. They are well prepared and able to execute the examination requirements thoughtfully and confidently.

Honors: 70–79
Candidates exhibit thorough and careful preparation and demonstrate some interpretive skills. Repertoire is presented with overall command and accuracy. There is awareness and general security in technical elements.

Frequently Asked Questions

PRACTICAL EXAMINATIONS

What is a practical examination?
A practical examination is the test of repertoire, studies/etudes, technique, ear training, and sight reading for instruments, voice, or speech arts and drama.

Why are out-of-print selections included in the Syllabus?
Many teachers have out-of-print music in their personal libraries. A number of out-of-print selections have been retained in the Syllabus both as a courtesy to these teachers, and because the pieces are excellent repertoire choices.

How can I obtain permission to photocopy an out-of-print selection that I find in a library or receive from a teacher?
Contact the publisher to request permission to make an authorized photocopy. Contact information for most publishers can be found online or obtained from a music retailer. Some music retailers can obtain authorized photocopies through a special online service.

Can I photocopy a page of music to facilitate a page turn?
You may photocopy a single page once you have obtained permission from the publisher. With this notice, The Frederick Harris Music Co., Limited grants permission to festival, recital, and examination participants to photocopy single pages from their publications to facilitate a page turn.

How do I choose the best edition for a piece?
The best editions have minimal editorial markings. These editions, often called Urtext, are available from most music retailers. If you are unsure about the best edition, ask your music retailer for suggestions.

Should candidates follow repeat signs? Da capo markings?
Candidates should observe da capo markings at an examination performance. Repeat signs should usually be ignored, unless ornamentation is added.

Why are teachers and parents not allowed in the room during practical examinations?
Practical examinations provide a unique opportunity for candidates to perform in a highly focused, one-on-one environment, without distraction.

What do I do if I have an emergency situation on the day of my examination and I need to cancel?
Contact your Examination Center Representative listed on your Examination Schedule by phone as soon as possible.

THEORY CO-REQUISITES

What is a theory co-requisite?
A theory co-requisite is an examination that must be completed before or within five years of the practical examination if the candidate wishes to receive a certificate for the practical examination. Candidates are encouraged to begin theory studies as early as possible.

Do I have to take theory examinations if I don’t need a practical examination certificate?
You may take a practical examination without fulfilling theory requirements. If you later decide that you would like to receive a certificate, you have five years from the date of the practical examination to fulfill the theory requirements.

Where can I find sample theory examination papers?
Official Examination Papers are published annually by The Frederick Harris Music Co., Limited to aid with examination preparation. Each book includes three examinations from the previous December, May, and August examination sessions plus an additional examination created for extra practice. Editions for three academic years are available at any given time and may be purchased from your local music retailer.
Before you Leave Home

- Plan to arrive 15 minutes early.
- Complete your Examination Program Form.
- Bring original copies of all the music being performed in the examination.
- Mark the pieces being performed with a paper clip or a “sticky note.”

Points to Remember

- Bags and coats must be left in the waiting room.
- Parents, other family members, friends, and teachers must wait in the designated waiting area.
- Standing and listening outside the examination room door is prohibited.
- Recording devices are strictly prohibited in the examination room.
- Photocopied music is prohibited (unless authorized by the publisher).
- The performance of repertoire may be interrupted by the examiner. An interrupted performance does not indicate a poor performance.

What to Expect from a Practical Examination

- A friendly yet professional atmosphere
- The undivided attention of an examiner
- An objective assessment of your performance of repertoire, studies/etudes, technique, ear tests, and sight reading
- The examiner's written evaluation online within six weeks of the examination

After the Examination

Access your practical examination marks and examiner comments through the “Examination Results” link on the RCM Examinations website (www.rcmexaminations.org) approximately 4–6 weeks after the examination.
